

Please complete the activities below before Thursday 2nd April. You can complete them in any order. Please use this book to record your work. You could even take photos or bring finished work into school to show everyone. Have fun!

Talk about Lent that leads to Easter. Talk about what happened to Jesus during Lent and what we can do during this time. Discuss Easter traditions and have fun decorating an egg or making an Easter bonnet.

* Can you recognise all your numbers to 10 and form them correctly?
 * Do you know what numbers go together to make 10? These are called number bonds, $5 + 5 = 10$, $2 + 8 = 10$
 * Count out 10 items and look at sharing them between two in different ways.

Have fun going outside and looking at different flowers that are growing. Can you draw them or take some photos? Can you make your own flower? Can you try growing some seeds? What do they need to grow? Can you write some instructions to tell someone else how to grow them?

Where does your food come from? Have a look at the packages on different foods and where they have come from. Can you find the places on a map of the world?

Enjoy listening to some music. What songs do you like? Why do you like them? Can you make your own musical instruments to play whilst you sing along?

Go outside and look for sign of Spring. What do the trees look like? What is the weather like? What clothes do you need to wear? What animals can you see?
