

St Mary's News

Tea, Toast & a Few Happy Tears! 🍞☕

Our wonderful Year 6 pupils are preparing to spread their wings and fly on to new adventures, and we'd love you to join us as we celebrate them at our End of Year Leavers' Mass.

Monday 13th July @ 9:30am

Everyone is welcome – parents, grandparents, parishioners, friends of the school, neighbours, and members of our wider community. Come and help us give thanks for a fantastic year and send our leavers off with our prayers, blessings and best wishes.

And because no celebration is complete without refreshments, we'll be gathering afterwards for tea, toast and a good chat!

There may even be a few proud smiles, happy memories and the odd tear or two.

We hope you can join us as we celebrate, reflect and say a fond farewell to another fantastic Year 6 class.

All are welcome – the more, the merrier!

Parent Governor Vacancy

Would you like to play a part in helping our school continue to grow and thrive?

We are looking for a new **Parent Governor** to join our Governing Body. This is a rewarding opportunity for parents or carers to become more involved in school life and help support the future direction of the school.

You don't need any special qualifications or previous experience — just an interest in the school community, a willingness to listen and contribute, and a desire to help all children succeed.

As a Parent Governor, you will:

- Work with school leaders and other governors
- Help support important decisions about the school
- Share the perspective of parents and carers
- Gain insight into how the school operates

Training and support will be provided throughout the role.

If you would like to find out more or request an application form, please contact the school office.

We would love to hear from parents and carers from all backgrounds and experiences.

Closing date for applications: Monday 8th May 2026

Powered by Breakfast!

You wouldn't expect a car to run without fuel... and children are exactly the same!

Please make sure your child has some breakfast before coming to school each morning. Hungry brains find it much harder to concentrate, learn, remember things, and tackle the school day — especially before lunchtime arrives.

It doesn't have to be anything fancy. A bowl of cereal, some toast, fruit, porridge, or even a quick banana on the way out of the door can help give children the energy they need for a busy morning of learning, playing, and growing.

After all, spelling tests, maths lessons, and playground adventures are serious business!

Thank you for helping us keep our learners fuelled up and ready for the day ahead.

As some of you may have seen, St Marys recently joined TikTok!! Please can we remind parents to complete the consent form on Arbor to let us know if you are happy for child to feature on our account. If you don't want your child to be on our account please still fill out the consent so that we can

Many thanks

Sports Day 🌐

Sports Day is Coming! 🏃

On your marks... get set... CHEER! Our annual Sports Days are just around the corner, and we can't wait for some friendly competition, fantastic teamwork and perhaps a few very enthusiastic races!

🌟 EYFS & Year 1

📅 Wednesday 8th July

🕒 1:30pm

🌟 Years 5 & 6

📅 Friday 10th July

🕒 9:30am

🌟 Years 2, 3 & 4

📅 Friday 10th July

🕒 1:30pm

Families are warmly invited to come along and support our budding athletes. Expect plenty of determination, smiles, cheering and maybe even a surprise or two!

Children should come to school wearing their PE kit, suitable footwear and armed with a water bottle. Fingers crossed for sunshine, but we'll be ready whatever the weather brings!

Ready, steady, go!

This weeks stars of the week...

This weeks birthdays! 🎂

Here are all the children who celebrated their birthday this week or will be celebrating this weekend, HAPPY BIRTHDAY! 🎂

- Olivia (Year 2)
- Tia (Year 2)
- Stanley (Year 3)

House Point Winners

This week's leader board for the school house points is:

1st - St Bernadette with 112 points

2nd - St Joseph with 115 points

3rd - St Francis with 106 points

4th - St Mary with 101 points

What's been going on this week?

In year 1 forest school on Tuesday afternoon, we have had magical mayhem creating fairy houses in the woods 🍄🧝

We had the best time on Wednesday evening at forest school afterschool club 🌲🍄

17.6.26

sharks can swim
fast.

✓ ⊕ well done

K

In Reception we have been reading Billy's Bucket and were fascinated about him seeing a shark in his bucket! We found out some facts about sharks. We enjoyed learning all about them. We then wrote some facts about them.

The children in Reception are enjoying making recipes in the mud kitchen.

In RSHE this week we have spoken about financial education. We looked at how we spend money as children and as adults. Then we worked out a monthly budget for a family.

A great morning for year 6 at Burnley College being sporty!

🏏 Well done cricket team 🏏

Healthy Snack 🍷

At break time, children will only be allowed to bring fruit or vegetables as a snack. As a healthy school, we want to encourage good eating habits, support children's wellbeing, and help them stay focused and energized for learning.

Children in Reception to Year 2 will continue to be provided with fruit in school, so there is no need to send in a snack for these year groups.

Children in Key Stage 2 may bring in a piece of fruit or vegetables only to enjoy at break time.

Thank you for your continued support in helping us promote a healthy school. 🍓 🥕

School office notices 🖋️

Parents,

If there are any changes in terms of allergies, medication, contact numbers, photo consent or anything we need to know about please ensure that you are keeping us regularly up to date. If you also would like to come in and check with us that what we have on our system is correct please call into the office, it is so important that we have all the correct and relevant information to keep your children safe.

Kind Regards

The office team

Primary Picture News

What's happening in the news this week?

Let's have a look at this week's poster!

22nd - 28th June 2020

Let's look at this week's story

India has started one of the world's biggest counting projects, its national census. People across the country will be asked questions about their homes and communities to help build a picture of life in India today. The information collected will help leaders make decisions about services and support for more than 1.4 billion people.

Learn more about this week's story [here](#).
Watch this week's useful video [here](#).
This week's Virtual Picture News [here](#).

Look at the resource below, which shows how census information can help leaders make decisions about communities.

Census information: More young children live in this area than before. What this might show: More families may need support nearby. Possible improvement: Plan more school places, nurseries, playgrounds or family services. 	Census information: Many people travel a long way to work or school. What this might show: Transport links may not meet people's needs. Possible improvement: Improve buses, roads, train links or safe walking routes. 	Census information: A community has grown quickly since the last census. What this might show: Possible improvement: 
Census information: Many homes have lots of people living in them. What this might show: Some families may need more space. Possible improvement: Plan more homes or improve housing support. 	Census information: Lots of older people live alone. What this might show: Some people may need more health, care or community support. Possible improvement: Plan local health services, support groups or community activities. 	Census information: People in the community speak many different first languages. What this might show: Possible improvement:

Which possible improvement would help the most people?
What else might leaders need to know before making a decision?

© Picture News 2020

Reflection

A census can be important in helping countries understand the needs of their people and then plan for the future. Each person also brings something unique to their family, community, and the wider world.

Basically Cheer, Cog Lane, Burnley, BB11 5AH

4 - Making Sense of SEND. FREE six-week online course for parents starting Thursday 7th May.

Breakfast & Afterschool Club

Please can you ensure that all sessions for Breakfast and Afterschool club are pre-booked and paid for on our new Parent app Arbor.

Also when collecting children please make sure you sign your child out from afterschool club.

Many thanks for your continued support

Forest School /Outdoor learning Sessions - Summer Two

See below for Year Groups who will be accessing Forest School /outdoor learning when we return to school after the easter break (Summer One). Please make sure your child brings in suitable wellies and waterproofs.

They may come to school wearing old clothes on the day of their Forest School. If you are struggling with providing waterproofs and wellies please come and speak to us and we can help .

- Year 4 - Wednesday PM
- Year 5 - Friday AM
- Year 1 - Tuesday PM

Year 6 Swimming

Our year 6's will be starting swimming lessons started on Monday 1st June and will continue every Monday for the rest of our school term. Please make sure children are bringing their swim costume/shorts, towel and girls require to have their hair neatly tied up in a bun/plait.

St. Mary's R.C. Primary School
A Voluntary Academy
Holcombe Drive, Burnley, Lancashire BB10 4BH
Tel: (01282) 427546
e-mail: messages@st-marys-burnley.lancs.sch.uk
web-site: www.st-marys-burnley.lancs.sch.uk

Dear Parent/Guardian,

Your child will be participating in top-up swimming lessons from Monday 1st of June as part of the National Curriculum at the St Peter's Centre. Children are expected to be able to swim 25m unaided by the end of KS2. All children will swim the first week to be assessed by the swimming instructors and then children who can swim 25m will not need to attend the lessons. Children who cannot initially swim 25m will continue to swim and be assessed later in the term.
Girls must wear a one-piece costume and boys must wear swimming trunks, they are not allowed to wear Bermuda shorts. Hair must be tied up if it's shoulder length or longer.

Please ensure your child also brings with them a towel, they do not require shampoo, deodorant or goggles and parents are not allowed to spectate.

Please note if your child has pierced ears the earrings must be removed, they cannot be worn during their lesson.

The children will travel to St Peter's Centre by coach.

Yours sincerely,

Steph Tyson
PE Coordinator

Library

  Guess what? Our library has opened its doors to everyone and their grown-ups... and we can't wait!  Every Friday after school, the library will turn into a cosy little adventure zone where you can:

- Dive into new stories
- Discover magical worlds
- Pick out a brilliant book to take home

Bring your curiosity, bring your imagination — and bring your grown-ups too. We'd love to see you there!

Please note the library is now located in the main school building, pop into the office and we can show you the way!

Lunchtime Clubs

Next week we have some of the following clubs starting during lunchtimes... if you would love to learn a new hobby or practise some existing skills please come along!

Monday Lunchtime - Chaplaincy Team (existing members only)

Monday Lunchtime - Well-being Warriors

Thursday Lunchtime - Dance Club (KS2 Children)

Thursday Lunchtime - Prodigy/Timestable Rockstars Maths Practice (Years 3 & 4)

Friday Lunchtime - School Council (existing members only)

Learning Letters Summer 2

Homework

Year 2 home learning challenges

We continue to ask that children read their reading books at home as often as possible and that reading records are signed by an adult. Some of the children are still working on their letter formation of the basic letter shapes. Any practice of these at home, would be greatly appreciated. Here are the cursive letter and capital letter shapes that we use:

Learn and Grow Together In Christ

Year 2 - Mrs. Jones

Learning Letter Summer 2

Mrs. Jones's book recommendations this half term are:

- Duck in the Truck by Jez Alborough
- Man on the Moon by Simon Bartram
- Dogger by Shirley Hughes
- The Journey by Francesca Sanna

Mathematics

This half term we will be focusing on Statistics and Position and Direction. The children will be continuing to practise counting in 2s, 5s and 10s, leading into learning their 2, 5 and 10 times tables. It would help the children greatly if you could count with them in 2s, 5s and 10s at home. Before the half term, we were learning about time. The children found this challenging so any additional practice you could do at home using an analogue clock would be great. Focus on identifying on the hour, half past the hour, then quarter to and quarter past the hour. If the children can do this, can they count in 5s and identify the other times on the clock? 5 past, 10 past, 20 past, 25 past etc. To support in positional understanding, use words such as under, over, behind, in front, next to, beside, through when children are on the park or you can ask them to put toys in different places and describe where they are. For direction, practise using turn left and right, forwards, backwards, sideways etc when in the car, walking down the street etc.

English

The children really enjoyed the text, 'Queen Beasts Day' by the Fan Brothers and produced some lovely fantasy stories. We are continuing with our factual text based upon the House built up by Snow by Neil Fowles and then we will be moving onto the Last Stop on Market Street by Matt de la Peña and 'Change Street' by Amanda Gorman. We will look focus on writing news reports, instructions and poetry across these texts. The children will continue to build on their grammar skills, including consolidating their use of sentence punctuation; generating and effectively using adjectives/noun phrases for description; using apostrophes for contractions; and using conjunctions/coordination e.g. when, if, because. Children will continue to apply their phonics knowledge in their writing throughout the term. Below is a list of the Year 2 common exception words that the children will learn over the year. Please continue to practise these at home.

about	about	and	any	are	because	before	but
can	can't	could	do	does	each	every	from
has	hasn't	he	his	how	if	in	it
is	isn't	me	my	of	on	or	so
the	there	to	was	wasn't	we	when	who
with	you	your	you're	yourself	yourself	yourself	yourself

Reading

In our reading and phonics/spelling sessions this half term, we will continue to be following the Little Wandle scheme. The children will bring their reading books home on Wednesday and we ask that you return them on Friday. Please continue to listen to your child read at home as much as possible to support the work we are doing in school and make a note in their reading diary. Just five minutes a day can make a huge difference!

Topic

In **Religious Education** this term, the topic is called 'Catalogue and Encounter'. The children will learn about the parable of the Good Samaritan and will consider what it means in Luke's Gospel and how the parable speaks to Christians today. In the 'encounter' part of this topic, children will deepen their understanding of other faiths including Islam and Judaism.

In **History**, the topic is 'Transport Inventions'. The children will learn about the first flying inventions. They will sequence historical events related to flight. They will also learn about the impact and inventions of the Wright brothers.

In **Science**, the topic is 'Plants'. The children will learn about what plants need to grow and will plant some seeds. The children will observe how the plants grow and describe what they notice.

In **DT** this half term, our topic is textiles. 'Design a pouch'. The children will be practising stitching and other sewing skills and designing a pouch which they will make from felt.

In **Computing**, our unit is 'Programming quizzes'. In this unit, children begin to understand that sequences of commands have an outcome and make predictions based on their learning. They use and modify designs to create their own quiz questions in Scratch and make those designs in Scratch using blocks of code. Finally, they evaluate their work and make improvements to their programming projects.

Other important information:

PE in Year 2 will continue to be on Fridays and our other PE session will be on Wednesday for the next five weeks. Forest School has now finished for Y2.

Please can you ensure that children are in normal school uniform every day.

Where possible, please send the children in velcro trainers, unless they can tie their own shoelaces. Also, if you have purchased the new uniform, please label their jumpers.

Children are welcome to bring in a healthy snack for playtime, although this is not essential as we receive that daily from the fruit and veg scheme.

Thank you for your continued support. Please communicate with school if you have any questions or concerns about your child's learning or any other issues.

Leavers 2026

Important dates for your diary:

Thursday 9th July – Y6 Production of School of Pop
1.30pm and 6.30pm

(Tickets will be on sale from the office priced £3 each)

Monday 13th July 9.30am – Leavers Mass, followed by tea and toast.

Monday 13th July – Leavers disco 4.30pm – 6pm

(Tickets will be on sale from class priced £5 each which will include food and drinks)

Friday 17th July – Leavers assembly 9.15am

We are looking forward to a busy, but fun end to Year 6!

St. Mary's R.C. Primary School

Learn and Grow Together in Christ

Mathematics

This half term, we will work on project based maths, which consolidates lots of different maths skills. We will begin with planning a holiday. This will use graph skills to generate data for where the hottest place may be to visit. We will plan the cost of the trip for a family, looking at real life prices and comparing the cheapest and most expensive months to travel.

English

This half term we will finish our story of the Gothic story The Wind in the Wall by Sally Gardner. We will write our own short story in Gothic form. Also, we will look at the Our next book is The Underground City. Frank Cottrell Boyce. The book tells the story of two refugee brothers from Syria who are determined to fit in with their Liverpool schoolmates but bring so much of Mongolia to Bootle that their new friend and guide, Julie, finds it hard to know truth from fantasy.

Reading

Children will participate in five 20-minute whole class guided reading sessions a week, learning different reading strategies such as inference, skimming and scanning to aid and improve their reading comprehension.

Suggested reading for Year 6:

We encourage you to explore other texts, the following are especially recommended.

Night Mail by WH Auden

Change Songs by Amanda Gorman

Religious Education

In Religious studies this term, children will look closely at:

- Reconciliation
- Universal Church

Geography

Earthquakes – The class will be able to describe and understand key aspects of physical geography, including volcanoes and earthquakes. They will also use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.

Science

Circulatory system – We will learn that the circulatory system includes the heart, blood vessels and blood, and is vital for fighting diseases and maintaining proper temperature, that a healthy heart beats between 60 and 100 times a minute and arteries transport blood away from the heart and veins transport blood back to the heart.

Other important information:

- PE in Year 6 is on **Wednesday and Thursday**
- Please ensure your child wears their PE kit in school on PE days.
- Please can you make sure your child's belongings, including their uniform, are clearly marked with their name.

Thank you all for your support. Please communicate with school should you have any questions or concerns about your child's learning or any other issue.

Mrs Blezard & Mrs Stalton

Homework

We continue to ask that children read their reading books every night (unless kept in school by staff) to build fluency, comprehension and confidence.

The children have their Times Table Rockstars logins and can complete fun times table practice games on any devices available. If your child requires their login again, please inform a year 5 staff member.

St. Mary's R.C. Primary School

Learn and Grow Together in Christ

Mathematics

This half term, year 5 will be developing their understanding of decimals, including reading, writing and comparing them confidently. They will also be introduced to negative numbers, learning to recognise and order them, particularly in real life contexts such as temperatures. In addition, children will practise converting between different units of measurement, including length, mass and capacity, helping them to apply their skills in practical situations. We will also focus on converting units more generally, such as kilograms and tonnes, millimetres and metres, etc.

English

In Year 5, we will be using Dame Frances's The Raven as our catalyst to develop reading, writing and discussion skills. The story introduces pupils to rich cultural themes and powerful storytelling, giving them opportunities to explore character, setting and suspense. We will also be looking at William Shakespeare's The Tempest to support pupils' reading, writing and speaking skills. This adapted Shakespeare text introduces children to new language, dramatic storytelling and key themes such as power, forgiveness and magic.

Reading

Children will participate in five 20-minute whole class guided reading sessions a week, learning different reading strategies such as skimming and scanning to aid and improve their reading comprehension.

Suggested reading for Year 5:

We encourage you to explore other texts, the following are especially recommended.

The Firework-Maker's Daughter – Philip Pullman

The Explorer – Katherine Rundell

Religious Education

In Religious studies this term, children will look closely at:

- Reconciliation
- Universal Church

Geography

South America and Rio De Janeiro – Year 5 will be learning about South America, with a particular focus on the country of Brazil and the city of Rio de Janeiro. They will explore the country's key physical and human features, including climate, rainforests and major industries. Children will also learn about life in Rio, comparing it to life in the UK and considering aspects such as culture, environment and daily life.

Science

Year 5 will be learning about forces and how they affect the movement of objects. They will explore key ideas such as gravity, friction, air resistance and water resistance, and begin to understand how these forces act in different situations. Children will carry out practical investigations to observe how forces work and how they can be measured or controlled. They will also learn about mechanisms such as levers, pulleys and gears, and how these help to make work easier.

Other important information:

- PE in Year 5 is on **Thursday and Friday**
- Forest school for Year 5 is on Friday. Please ensure your child brings a spare pair of clothes with them.
- Please can you make sure your child's belongings, including their uniform, are clearly marked with their name.

Thank you all for your support. Please communicate with school should you have any questions or concerns about your child's learning or any other issue.

Miss Howarth

173 KOPS (key instant recall facts) for this half term are the eight times table. Children should be able to instantly recall multiplication and division facts up to 8x12=96. These will be practiced in class on a daily basis, but additional learning at home makes all the difference. Pupils can access the **TimesTablesRockstars** application at home, login details are in home reading records. More information on the KOPS can be found on the class page of the school website.

Home Learning Challenge...

Have a go at home! These home learning challenges are a great way to secure your learning whilst having fun at the same time! You will see below a few ideas for possible activities to complete at home relating to our current topics. You can draw pictures, write sentences or even take photographs. You can send any videos or pictures through class dojo. Please hand your homework in on or before **Friday 10th July** so that we celebrate the children's hard work in class and award prizes and dojos! Have fun!

Create your own seasonal dish with an adult.

Create a poster on Rio de Janeiro, include some key physical and human features, facts and things to do.

Create a model or draw a picture of Mount Viniculus in your chosen medium.

Create your own special place at home where you can think, read, meditate or pray.

**Learn and Grow Together
in Christ**

DT & Geography
Seasonal Food & Rio de Janeiro

Year 3 Learning Letter
Mrs Tyson Summer 2 2026

Mathematics

This half-term in Maths, Year 3 will be building confidence across several key areas. They will learn to read, measure and compare time, explore the properties of 2D shapes, and identify angles. The children will also develop their understanding of statistics by collecting data and presenting it in simple charts and tables.

English

The key texts for this half-term are *The Seed of Doubt* by Irene Brignall and *Escape from Pompeii* by Christina Bell as part of our new English scheme. The children will explore these texts and complete writing opportunities such as setting descriptions, diaries, letters, thought bubbles, instructions, poetry, poetry reviews, biographies celebrating uniqueness, slogans and posters. The whole school will also do a short poetry unit.

Reading

Children will participate in four twenty-minute guided reading sessions per week. Each week the whole class will focus on a text. After reading the text, we will focus on questions based on the VIPSQ (Vocabulary, Inference, Prediction, Explain, Retrieve, Summarise) reading targets. Children who read, succeed! Please try to listen to your child read at home as much as possible. Just five minutes a day can make a huge difference. We will listen to children read in school to please ensure your children bring their reading book to DAILY so we can sign their diaries.

Religious Education

In Religious Studies this half-term, children will look closely at:

- Choices - Consequences and Reconciliation
- Universal Church - Special Places

Geography

This half-term we will be exploring South America—learning where the continent sits in the world and discovering its most important physical features. They have also been mapping South American countries and comparing Brazil with the UK, noting both similarities and striking differences. Pupils will understand what daily life is like for families living in Rio de Janeiro, while our work on South East Brazil's trade links has shown how the region connects with the wider world.

Science

This term the children will be covering plants in Science. They will be conducting an investigation into the growth of plants, the function of flowers and their parts, the growth cycle of a plant.

Design and Technology

In this unit, children learn where fruits and vegetables come from, how climate and seasons affect what grows, and why choosing seasonal, local foods is better for the environment. They'll learn how to prepare food safely using the right equipment and will design a simple seasonal tart, explain its nutritional benefits, and evaluate their work by giving and receiving constructive feedback.

Other important information

PE in Year 3 will be on a **Monday and Thursday** afternoon. If children are not in the new sports uniform, please ensure they wear PE kit suitable for indoor and outdoor PE sessions. We will be covering rounders and basketball. Spellings will be sent home every **Monday**. The homework sheet should be completed throughout the week ready for a test the following Friday. The children have learnt different strategies to practice their spellings and can do this on some paper as their homework if they prefer. Thank you all for your support. Please communicate with Mrs Tyson should you have any questions or concerns about your child's learning or any other issue.

Homework

We continue to ask that children read their reading books Wednesday, Thursday and bring that book on Friday.

You will see below a few ideas for activities relating to our current topic. Please use one of these ideas or use your own idea as a basis for a home learning challenge this half-term. You can draw pictures, write sentences, or even take photographs of the work that you have carried out at home. Please hand your homework into school on or before **Friday 10th July** so that we celebrate the children's hard work.

You are an architect. Can you draw and design a building based on a shape?

Build your own building using a range of different resources. Could you use some of the resources IFF you had?

Create a poster to show what changes you could make in the world.

Could you make your own guitar using resources from home?

Year 1

Miss Daley

Learning Letter Summer 2 2026

Mathematics

This half-term we are focusing on position and direction, place value, time and money. In the place value unit, the children will be working with numbers within 100. They will also be telling the time to the hour and half the hour.

Key Instant Recall facts

- Counting forwards and backwards from any number up to 50
- 10 times tables
- Doubles up to 10+10

English

This half-term we will read 2 books which are *Iggy Peck's Architect* by Andrea Beaty, and *Change Sings* by Amanda Gorman.

By the end of the unit of *Iggy Peck's Architect* the children will be creating a fact file about different buildings to go around the school to support others with ideas. Throughout this unit, they will also look at labelling, character comparisons, character descriptions, building descriptions, posters.

By the end of the unit of *Change Sings* the children will have created their own piece of poetry and will be able to perform this to the whole school.

Children will take part in a minimum of 3 reading practices a week - Monday, Wednesday and Friday. We focus on different aspects of reading throughout these 3 days. This includes:

Reading practice 1: Decoding - identifying phonics within text
 Reading practice 2: Prosody - reading with expression.
 Reading practice 3: Comprehension - questioning throughout the story.

The same book is sent home on Wednesdays for children to read along with a reading for pleasure book.

Religious Education

The unit this term is called 'Glorious and Encounter'. The unit will include:

- What it means to be a Christian
- Judaism
- Islam

Topic

In DT, the children will be looking at the unit 'Food and Nutrition'. We will be identifying which foods are in the 'fruit' category and making our own smoothies following our own recipes and ingredients.

In Science, Year 1 will look closely at 'Materials' with Miss Vialson. The children will be identifying and comparing a range of materials and carrying out investigations in small groups.

In History, Year 1 will study 'Transport Inventions'. By the end of the topic children will identify different transport through the ages such as 'wheeled char, horse and car and the penny farthing'. They will be researching George Stephenson and exploring why he is an important and significant figure as well as identifying how steam locomotives changed lives.

In Music, all the learning in this half-term is around performance. The children will be improvising using a range of instruments as well as singing a range of different songs.

Forest School - Year 1 have forest school this term, every Tuesday afternoon. Please ensure your child has the correct clothing and footwear to participate in this.

Thank you all for your support. Please contact school if you have any questions or concerns about your child's learning, or wish to discuss any other issue.

Homework

We continue to ask that children read their reading books **every night** to build fluency, confidence and comprehension. Spellings will be sent home weekly and should be practised throughout the week, ready for a test each Friday.

This year is especially important for times tables, as **all Year 4 children will take the statutory Multiplication Tables Check (MTC)** in the summer term. To prepare, pupils **must** continue to practise their times tables regularly and work towards knowing **all facts up to 12 x 12** with accuracy and speed. Please make regular use of **Times Tables Rock Stars**, which is one of the best tools for building fluency.

Daily practice—short, frequent bursts—is the most effective way to boost confidence and success.

St Mary's R.C. Primary School, Burnley

Learn and grow together in Christ.

Year 4 Learning Letter Summer 2026
Mrs Haida and Mrs Collins

Mathematics

This term in maths, Year 4 will be learning about decimals, money, time, shape, statistics and position and direction. We will start by building confidence with decimals, especially tenths and hundredths, and use these skills when working with money. Children will then develop their understanding of time, using both analogue and digital clocks. Later, we will explore shape, including symmetry and different types of polygons. We will also look at statistics, learning how to interpret and present data. Finally, we will work on position and direction, using coordinates and describing movement on a grid. Please continue to encourage your child to use **Times Tables Rockstars** and **Prodigy Maths**, as both are brilliant for building fluency and confidence across all areas of maths.

English

This half term, our English learning will be centred around three beautifully illustrated and thought-provoking texts: *Fahrenheit* by Graham Baker Smith, *Weslandia* by Paul Fleischman and *Varmints* by Helen Ward. Through these books, the children will explore themes such as imagination, resilience and environmental change, using them as inspiration for their own writing. We will focus on developing key skills including descriptive language, varied sentence structures and accurate punctuation, particularly when extending ideas in longer pieces of writing.

Reading

Children will participate in daily 20-minute whole-class reading sessions a week. Our texts this term are *The Undertaker* by Kwame Alexander, a powerful poetic celebration of Black history and achievement, and *Old Possum's Book of Practical Cats* by T. S. Eliot, which will give the children opportunities to enjoy playful poetry, explore rich vocabulary and consider the effect of poetic devices. During these sessions the teacher and teaching assistant will work with all of the children. Children will be taught different reading strategies that revolve around the following key areas of reading: vocabulary, inference, prediction, explaining, retrieval and summarising. **Please support your child with their home reading.**

Religious Education

In Religious studies this term, children will look closely at:

- Pentecost: New Life
- Reconciliation: Building Bridges
- Universal Church: God's people

Science

This term, we will be learning about **Sound and Classifying Living Things and Their Habitats**. In our **Sound** unit, children will:

- Discover how sounds are made and how vibrations travel.
- Explore pitch, volume and how sound changes in different materials.
- Take part in practical investigations to test how sound behaves.

In our **Living Things** unit, children will:

- Learn how to group and classify plants and animals.
- Use classification keys to sort living things.
- Explore different habitats and how changes in the environment affect the organisms living there.

History/Geography

This half term, we will be exploring the **Geography of Greece and the History of Ancient Greece**. Children will begin by learning about the physical and human geography of modern Greece, including its climate, key locations and landscape features. We will then move on to discovering **Ancient Greece**, exploring life in the city-states, significant achievements, and how this ancient civilisation has influenced the world today.

Art/D.T.

This half term in **Art**, the children will be exploring **sculpture and 3D work**, experimenting with different materials and techniques to create their own three-dimensional pieces. In **Design Technology**, our focus will be on **textiles**, where children will develop their stitching and joining skills to design and create a functional fabric product.

Computing

Creating Media: photo editing and Programming: repetition in games.

Spanish

In the Classroom and Traditions and Celebrations

Other important information

- Swimming on Monday Afternoons
- PE on Tuesday Afternoons
- Useful lessons are on a Thursday afternoon.

Thank you for your support. Please communicate with school should you have any questions or concerns about your child's learning or any other issue.

Water Safety

Let's look at the story

As the weather gets warmer, more people are spending time at beaches, rivers, lakes and other open-water locations. Drowning Prevention Week, which begins on 13th June, aims to raise awareness of water safety and help people recognise potential risks around water. Safety organisations are encouraging everyone to learn simple ways to stay safe so they can enjoy being in and around water responsibly.

Read through the information below about staying safe in water and the Water Safety Code.

What is the Water Safety Code?

Stop and think – spot the dangers
Stay together
In an emergency, Float
Call 999 or 112

Look at the photo...

What can you see?
What looks fun?
Do you think the people here are enjoying the water safely? How?
Can you spot anything that might need extra care or thought?

1. **Stop and Think** - Before going near water, take a moment to look for any dangers.
2. **Stay Together** - Always stay with adults when you're near water.
3. **Float** - If you fall into water, stay calm, float on your back and control your breathing.
4. **Call for Help** - If someone is in trouble, tell an adult or call 999.

Why do you think the Water Safety Code is so important?
Can you think of a way to help you remember the Code?

© Pickaxe News 2020

Reflection

Water can be a wonderful place to play, explore, exercise and relax. However, even places that look calm and safe can contain hidden risks, which is why understanding how to stay safe is so important.

Sports betting has become increasingly visible online, appearing across apps, websites, social media, sports coverage and gaming spaces.

Even when young people are not legally old enough to gamble, they may still encounter betting messages through adverts, influencers, tipsters, friends or adult accounts.

Our latest [#WakeUpWednesday](#) guide highlights key risks, including:

- Easy online access
- Gambling becoming normalised around sport
- Peer and influencer pressure
- Free bet offers
- Impulsive spending and chasing losses

It also offers practical advice for parents, carers and educators on starting calm conversations, setting safer digital boundaries, spotting warning signs and finding support.

Download the guide here: <https://vist.ly/577v8>

IS IT REAL?

STAYING ALERT IN AN AGE OF DISINFORMATION

We are exposed to large amounts of information every day; online, on social media, in group chats, and through word of mouth. Not all of it is accurate...

False or misleading information can spread quickly and influence opinions, behaviour, and trust.

Understanding the difference between misinformation, disinformation, and misrepresentation and knowing how to respond helps individuals, communities, and organisations make informed decisions and prevent harm.

DID IT REALLY HAPPEN?

TACKLE FALSE INFORMATION!

PAUSE BEFORE YOU SHARE

- Stop and ask: Is this accurate?
- Avoid sharing information you haven't checked.

CHECK THE SOURCE

- Is it from a trusted organisation or official website?
- Look for named authors, dates, and references.

CROSS-CHECK THE FACTS

- Search for the same information on reliable news sites or official sources.
- If it's true, it should be confirmed elsewhere.

ASK SIMPLE QUESTIONS

- Where did this come from?
- Is anything missing or taken out of context?

CHALLENGE

- Correct misinformation calmly and politely.
- Focus on facts, not blame or argument.

REMEMBER

AI can be used to impersonate anyone's voice and audio may not be from the person you know where they came from. Who made them? Why did they make them? Don't give away your information. If you're for a video or image information, what are they doing with your information?

WHAT COMMUNITY GROUPS AND ORGANISATIONS CAN DO

- Share clear, consistent, and accessible information.
- Address misinformation early before it spreads.

- Be open, honest, and transparent in communications.
- Use plain language and avoid jargon.

- Provide trusted sources and reporting.

REPORTING MISINFORMATION

- If content is harmful or misleading.
- Use social media reporting tools.
- Report concerns to the relevant organisation.

KEY MESSAGES TO REMEMBER

- Not everything online is accurate.
- Intent matters, but impact matters more.
- Everyone has a role in slowing the spread.
- Checking information protects individuals and communities.

FINAL THOUGHT

Sharing responsibly is as important as staying informed. PAUSE. CHECK. VERIFY. THEN SHARE.

WHO CAN YOU REPORT IT TO?

If misinformation, disinformation, or misrepresentation is causing harm, distress, or confusion, there are official bodies you can report it to. The right place depends on what the information is about and the impact it is having.

1. SOCIAL MEDIA AND ONLINE PLATFORMS

Most platforms have reporting options for:

- False information
- Scams and impersonation
- Harassment or harmful content

Reporting helps platforms review, label, reduce the spread of, or remove content.

2. SCAMS OR FINANCIAL HARM

Report to: Action Fraud (the UK's national fraud reporting service)

This helps identify patterns and prevent further harm.

3. IMMEDIATE RISK, ENCOURAGEMENT OF VIOLENCE OR SERIOUS HARM

- 999 in an emergency
- 101 for non-emergency concerns

4. TV, RADIO, VIDEO - ONLINE SAFETY & HARMFUL CONTENT

Ofcom regulates broadcasters and has responsibilities around harmful online content.

5. MISUSE OF PERSONAL DATA, FALSE CLAIMS AND DATA PROTECTION

Report to: ICO (Information Commissioner's Office)

6. FALSE OR MISLEADING BUSINESS CLAIMS

- Your local council's Trading Standards service

7. INVESTMENT, BANKING AND FAKE FINANCIAL FIRMS

Report to: Financial Conduct Authority (FCA)

8. EMPLOYERS, SCHOOLS, OR ORGANISATIONS

If misinformation affects:

- Staff, service users, or volunteers
- Workplace or school environments
- Community services or partnerships

Report internally so organisations can:

- Correct false claims
- Communicate accurate information
- Support those affected

Important Tips When Reporting

- Keep screenshots, links, and dates where possible
- Don't engage aggressively or share further
- Use clear, factual language when reporting
- Encourage others to rely on verified information

REMEMBER

If misinformation causes harm, confusion, fear, or financial loss — it can and should be reported. Early reporting helps protect individuals and communities.

At The National College, our [WakeUpWednesday](#) guides empower and equip parents, carers and educators with the confidence and practical skills to be able to have informed and age-appropriate conversations with children about online safety, mental health and wellbeing, and climate change. Formerly delivered by National Online Safety, these guides now address wider topics and themes. For further guides, hints and tips, please visit nationalcollege.com.

What Parents & Educators Need to Know about ALLERGIES & ANAPHYLAXIS

An allergy is an overreaction of the immune system to a food or substance that's usually harmless. Symptoms can be mild, but for some people they can be very serious. This is known as anaphylaxis.

HOW TO SAY ANAPHYLAXIS: ANA-FIL-AX-IS

ALLERGIES AND ANAPHYLAXIS

- Mild allergy symptoms are treated with antihistamines.
- Anaphylaxis is treated with adrenaline, which is administered via an adrenaline device, injected into the outer upper thigh or using a nasal device.
- Anaphylaxis is a medical emergency and a threat to life.

ANAPHYLAXIS SYMPTOMS

AIRWAY
Symptoms include swelling in the throat, tongue or upper airways; tightening of the throat; a hoarse voice; and difficulty swallowing.

BREATHING
Symptoms include persistent cough; sudden onset of wheezing; breathing difficulty; and noisy breathing.

CIRCULATION
Symptoms include pale and clammy skin; dizziness; feeling faint; sudden sleepiness; tiredness; confusion; and loss of consciousness.

In extreme cases of anaphylaxis, there could be a dramatic fall in the patient's blood pressure. The patient may become weak and floppy, and have a sense of something terrible happening. Any of the ABC symptoms listed above may lead to collapse and unconsciousness and, on rare occasions, be fatal.

WHAT ADRENALINE DOES

Adrenaline reduces swelling, opens the patient's airways and raises their blood pressure. Patients must go to hospital for monitoring, as the reaction could return.

1mg 0.5mg or 0.3mg

TOP 14 FOOD ALLERGENS: (However, be aware people can be allergic to anything.)

CELERY	FISH	CRUSTACEANS	EGGS	MILK
SOYA	LUPIN	CEREALS	TREE NUTS	SESAME
MUSTARD	MOLLUSCS	PEANUTS	SULPHITES	

NON-FOOD ALLERGENS:

POLLEN	PET HAIR/DANDER	INSECT VENOM	MEDICATION/DRUGS

--	--	--	--

Meet Our Expert

Anaphylaxis UK is the only UK-wide charity operating solely for the purpose of supporting members of people at risk of severe allergic reactions and anaphylaxis. While there's no treatment or cure for anaphylaxis, we believe that by providing information, training and support, there's a brighter future for people living with serious allergies.

6 - This free #WakeUpWednesday guide explains the basics of allergies and anaphylaxis, potentially life-threatening reactions that educators, carers, and parents alike should be able to recognise and respond to quickly.

Please find below some information on how to help keep children safe on social media and some guidance on how to set parental restrictions on devices and accounts.

Social Media

Facebook (13+)

Included in Facebook's settings are the ability to set who can see your posts, who can contact you and the ability to review all posts before appearing on your timeline.

Unfriend: go to their profile, click on the three dots, click on Following and tap Unfollow.

Blocking: go to their profile, click on the three dots and select Block.

Facebook Privacy Check up: this tool helps you review your settings: <https://www.facebook.com/help/1297502253597210>

You can also set up Family Centre (supervision) on Messenger: <https://en-gb.facebook.com/help/messenger-app/182587384506653>

Instagram (13+)

When you set up your account, it is automatically set as public (except if you are under 18 and it is set to private as default, although you can change it to public).

Remove a follower: Go to their profile and tap 'Following' and select Unfollow.

Blocking/Reporting: To do this, tap their username, tap on the 3 dots in the top right and select Block or Report.

Turn off commenting on a post: Tap the 3 dots above your post and select Turn Off Commenting.

Find out more here: <https://help.instagram.com/196883487377501>

You can also set up Family Centre (supervision) to give you access to tools such as see who your child follows and screen time: https://help.instagram.com/454886756318457?helpref=faq_content

WhatsApp (13+)

By default, WhatsApp sets your privacy settings to allow any WhatsApp user to see your read receipts, last seen, about and profile photo. To change any of these settings, go to Settings and then select Privacy.

Blocking/Reporting: You can block and report a user by clicking on their name and selecting Block or Report. You can report any issues direct to WhatsApp within the app by going to Settings, Help, Help Center and Contact Us.

Find out more here: https://faq.whatsapp.com/1313491802751163/?locale=en_US

TikTok (13+)

You can choose to have a public or private account. If you set your account to private, then only those you accept as friends can see your videos. To do this, go to your profile, tap the 3 line icon, tap Settings and Privacy, go to Privacy and turn on Private account (by default accounts for people under 16 are set to private).

Report inappropriate content: you can report an account, video, comment and message. Follow the instructions here: <https://support.tiktok.com/en/safety/how-report-a-problem>

Family Pairing

You can use Family Pairing to link your own TikTok account to your child's account. This will give you access to additional controls such as:

- **Screen Time Management:** Control how long your child can spend on TikTok.
- **Direct Messages:** Limit who can send messages to them or turn off direct messaging completely. Direct messaging is automatically disabled for registered accounts between the ages of 13 and 15.
- **Restricted Mode:** Restrict the appearance of inappropriate content.
- **Search:** Option to disable.

Find out more here: <https://www.tiktok.com/safety/en/guardians-guide/>

X (13+)

When you set up your X account, you can choose whether you would like to keep your tweets public or protected (private). To check, go to Settings and Privacy, select Privacy and Safety and then Audience and tagging and ensure Protect your posts is selected.

Unfollow somebody: Go to their profile, click on 'following' to then select 'unfollow'.

Blocking/Report: Go to their profile, click the three dots and select block or report.

Location: To keep your location private (so followers can't see the location you are tweeting from), under Settings and Privacy, select Privacy and Safety, select Location Information and ensure Precise location is disabled.

Find out more here: <https://help.x.com/en/safety-and-security/x-privacy-settings>

Snapchat (13+)

When you set up your account, it is automatically set so only friends you've added can contact you or view your story.

Unfriends: Go to the chat screen, tap and hold on a friend's name, tap 'Manage Friendship' and then tap 'Remove Friend'.

Block a friend: Go to the chat screen, tap and hold on a friend's name, tap 'Manage Friendship' and then tap 'Block'.

Location settings: This feature allows your friends to see where you are (including when you are at home) when you have the app open. It is so important that you check your child's settings for this feature. Your location won't be shared on the map until you open it for the first time, at which point you can choose (please note that snaps you submit to Snap Map can still show up on the Map, no matter what location setting you choose):

- **Ghost Mode (Only Me):** your location won't be visible to anyone else.
- **My Friends:** your location will be shared with all of your friends.
- **Select Friends, Except...** your location will be shared with your friends, except the Friends on this list.
- **Only These Friends...** choose specific friends to share your location with.

Who Can Contact Me: in your privacy settings you can choose who can contact you directly with Snaps, Chats, calls, etc. Remember, if you're in a group, then anyone can communicate with you in that Group Chat regardless of your settings. Find out more here: <https://help.snapchat.com/hc/en-gb/articles/7012343074580-How-do-I-change-my-privacy-settings-on-Snapchat>

Family Centre: this can be set up to provide parental control settings such as limit your child's ability to view certain content in the Stories and Spotlight tabs. Find out more here: <https://help.snapchat.com/hc/en-gb/articles/7121384944788-What-is-Family-Centre>

Mobile devices

You can set up free parental controls and restrictions on most mobile devices, which can limit what your child can access.

iOS

Using Content & Privacy Restrictions in Screen Time, you can block or limit specific apps and features on your child's device. Find out more here: <https://support.apple.com/en-gb/105121>

Apple have also created this support page for families: <https://www.apple.com/uk/families/>

Android

When you turn on parental controls, you can restrict what content can be downloaded or purchased from Google Play based on maturity level.

Find out more here: <https://support.google.com/googleplay/answer/10757387#en-GB>

You can also set up Family Link, which lets you set digital ground rules as well as see where they are, receive notifications when they arrive or leave a certain location and set screen time limits. You will need to download Family Link onto your own device first and then link your child's account to it.

Find out more here: <https://families.google/familylink/>
